

Ambius Moss Wall

ambius

High Class sound absorber

100% Natural

100% Biodegradable

Naturally preserved

Perfect for

- Large surface areas
- Small wall additions
- Spaces requiring maximum design flexibility

Effortlessly transforms the space, adding charm and elegance.

The Reindeer Moss grows in the Scandinavian forests and it is harvested by hand, with respect for the plant and its surroundings.

The square element is designed to cover large surface areas with maximum flexibility in shape and design and smaller areas with tailored shapes and sizes.

Bespoke signage options available

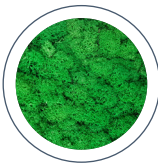

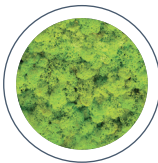

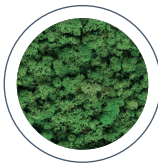

Available colours:

- Long Lasting
- Flexible
- Fire resistant
- Does not attract plant pests
- Sustainable
